Sir:

In accordance with 37 C.F.R. 1.56, 1.97, and 1.98, applicants' undersigned attorney brings to the attention of the Patent and Trademark Office the documents listed on the attached form PTO-1449. Copies of the documents as well as Form PTO-1449 are attached hereto. This is not to be construed as a representation that a search has been made or that a document is relevant merely because cited.

Applicants respectfully request that the attached documents be made of record and that the documents be considered by the Examiner.

The Ericsson Distributed Wireless Office System (DWOS) described in the documents listed on the attached form PTO-1449 appears and is believed to be Ericsson's commercial product corresponding to Ericsson's U.S. patent no. 6,411,632 to Lindgren et. al. The DWOS is described in the documents as a wireless PBX and is not described in the documents as an STP. Further, Applicants believe that the DWOS included SS7 interface cards and IP interface cards, and the conversion from SS7-to-IP and IP-to-SS7 occurred on the respective cards.

It is respectfully requested that the Examiner indicate consideration of the cited documents by returning a copy of the attached form PTO-1449 with initials or other appropriate marks. Early passage of the subject application to issue is earnestly solicited.

The Commissioner is hereby authorized to charge any fees associated with the filing of this correspondence to Deposit Account No. 50-0426.

Respectfully submitted,

JENKINS, WILSON & TAYLOR, P.A.
